MOVERS WHO CARE®

MOVING • PACKING • STORAGE

THANK YOU FOR CONTACTING US FOR YOUR MOVING NEEDS!

Now that you have an estimate, we know you may still have some questions. In the next couple pages, we provide all the information you should need. If you have any further inquiries or want to book a move, please call our office at 902.701.9876.

ESTIMATE INFORMATION

Our estimates are all-inclusive and advise you of the approximate cost. They include all taxes, fuel, valuation, stretch-wrap of items, moving blankets, wardrobe boxes if needed, a uniformed team as well as the required truck(s) and equipment.

Our service is charged at an hourly rate. After the stated minimum, we charge in 15-minute increments. We charge dock-to-dock, meaning the actual charges will reflect the exact time spent on your move from when our team leaves our office until they return back. Any extra supplies and/or "service charges" will be applied.

Review your estimate in detail to confirm that the items listed are those that you wish us to move as the estimate is based on the items listed. Please also confirm we have included the appropriate boxes and/or supplies that are required. Any additional items or requests on your scheduled move day will affect the estimated time and cost for your move.

WHAT ARE THE NEXT STEPS TO BOOK MY MOVE?

Please contact our office by phone at **902.701.9876** or by email at info3028@twomen.ca to inform us that you wish to book your move.

To complete your booking we require:

- A valid credit card to keep on file (we accept Visa or Mastercard)
- If you do not have a credit card, the full estimate amount is to be paid prior to move day, plus the administration fee.
- A deposit for long-distance moves; please discuss with your estimator for more detail.
- You to review/sign our Pre-move Confirmation Letter (this is sent out via a link upon booking)

WHAT IF I NEED TO RESCHEDULE OR CANCEL?

If you cancel, reschedule, or for whatever reason you cannot move within three (3) business days of the scheduled move date, you will be charged the stated minimum plus HST and any deposit will be forfeited. Please refer to your Pre-Move Confirmation Letter and/or estimate for the stated minimum.

All modifications to your move must be agreed upon and approved by our office in writing. Please note: If you require a different move date it may impact the hourly rates and/or move hour minimums. Please inquire with our office. (i.e. beginning and end of month/stat holidays).

MOVE PREPARATION FAQS

HOW CAN I PREPARE FOR A SUCCESSFUL MOVE?

Boxes

- Ensure all boxes are fully packed, properly labeled, sealed and/or have lids
- Box as much as possible – to limit the amount of miscellaneous items
- Locate boxes in an easy access location, close to an exit point of the home (i.e. front room or garage)
- Store boxes of personal or essential items separately if you are planning to move on your own

Dressers/Cabinets

- Ensure all articles of furniture are emptied of all their contents
- Drawers remain in furniture as this helps maintain integrity/strength of the piece

Appliances

- All appliances must be emptied of all contents and/or defrosted
- We cannot disconnect/reconnect gas or hard-wired appliances
- All waterlines must be disconnected (i.e. dishwashers, fridges, washers)
- Front load washers require stabilizer bolts

Driveway/Access

- Ensure all driveways are clear of snow, debris and/or storage containers to allow space for our truck
- In the event we will be required to park on the road, confirm that the local city allows parking as some require permits
- We recommend that hallways and entry points are not blocked of contents

Elevator on Service

- Customers are required to contact their building supervisor to reserve the elevator and have it padded for move day. Not having your elevator reserved may result in additional time and moving charges. Please let us know if any restrictions apply to the use of the elevator, including any time restrictions that may apply.

WHAT ARTICLES/ITEMS REQUIRE SPECIAL ATTENTION?

Artwork/Pictures, Mirrors, TVs

- For our coverage to apply, these items must be properly packaged in an artwork/mirror box, or TV box, respectively
- It is best to have TVs packaged in the original box; however, we do sell TV boxes in various sizes up to 70"
- Please note we do not remove TVs from walls

Other electronics/small appliances

- These items should be disconnected prior to our arrival, and it is recommended that they be in its original box(es)

Lamps/Lamp Shades

- Please remove all lamp shades and bulbs and package in a box

Fragile items that are made of or contain glass, granite, quartz mirrors, marble, concrete etc.

- We recommend to have these items properly crated/packaged or removed and moved separately
- We offer packing services to ensure your items will be packaged properly

WHAT ITEM(S) MUST BE DISASSEMBLED PRIOR TO THE MOVE TEAM ARRIVING?

Gym equipment

- This includes treadmills, ellipticals, exercise bikes, rigs/weight racks etc.

Press-board or particle-board furniture

- In particular "self-assembled" furniture (ex. IKEA)

Grandfather Clocks

- The weights and pendulum must be removed and the other mechanisms must be secured for moving

Cribs

- For liability reasons our team cannot assemble cribs
